March 23, 2017

Ms. Debbie Ziehr
Regulatory Administrator
The Andersons, Inc.
PO Box 119
Maumee, OH 43537

Subject: Label Amendment – Adding Prop 65 language and additional marketing claims
Product Name: The Andersons Bicarb Lawn Insect Killer Granules
EPA Registration Number: 9198-234
Application Date: February 1, 2017
Decision Number: 526358

Dear Ms. Ziehr:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

EPA Reg. No. 9198-234
Decision No. 526358

with FIFRA section 6. If you have any questions, please contact Eric Bohnenblust by phone at (703) 347-0426, or via email at Bohnenblust.eric@epa.gov.

Sincerely,

A handwritten signature in cursive script, appearing to read "R. Gebken".

Enclosure

The Andersons BiCarb Lawn Insect Killer Granules

Kills listed pests on residential lawns, in and around flower beds, ornamental plantings and around the outside of homes. Intended for residential use.

Optional front panel claims:

- Ready-to-use
- Kills ants*, fleas, ticks, cutworms, chinch bugs, mole crickets & other listed pests
- Broad spectrum combination insecticide
- Also kills larvae of sod webworms, armyworms & cutworms
- For use on lawn around house foundation
- Kills listed home invading pests
- Kills listed surface and foliage feeding pest
- Effective for kill of white grubs
- Effective kill of southern chinch bugs
- Kills ants*, fleas, ticks cutworms, chinch bugs and other listed pest
- Use on lawn, ornamentals and around the outside of homes
- Easy-to-use granules
- Read-to-spread granules
- Ant*, flea & tick killer
- For use outdoors on lawns, ornamental gardens and around the outside of homes & other listed used sites
- Kills ants*, fleas & other listed insects
- Kills cutworms and other listed insects
- Kills listed insects
- Easy to use
- Kills ants*, fleas
- Kills adult mole crickets
- Satisfaction guaranteed or your money back
- Kills listed surface insects in 24 hours
- Kills listed surface insects
- Kills listed soil insects
- 2-way formula
- Controls listed pest above and below the soil
- Two-way formula controls both surface and soil insects
- Treats up to (XX) square feet
- Protects your lawn from top to bottom
- For soil and turf
- Kills grubs
- Kills listed soil insects for up to 3 months
- Kills listed insects above & below ground
- The two-way formula controls turf pests like ants*, fleas and ticks plus soil pests like grubs in in one easy step. Keeping the yard, lawn and around your home free of listed pests has never been easier.
- Quick facts

FIRST AID

Carbaryl is an N-Methyl Carbamate Insecticide.

If swallowed: Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contacts lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-757-8951 for emergency medical treatment information.

ANTIDOTE STATEMENT: ATROPINE SULFATE IS HIGHLY EFFECTIVE AS AN ANTIDOTE. See NOTE TO PHYSICIAN.

Note to Physician:

Carbaryl is an N-methyl carbamate that inhibits cholinesterase. Atropine is antidotal. Do not use 2-PAM (pyridene-2-aldoxime methiodide), opiates or cholinesterase inhibiting drugs. Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wear long-sleeved shirt and long pants, and shoes plus socks and chemical-resistant gloves (HOUSEHOLD OR LATEX RUBBER GLOVES) WHEN HANDLING THIS PRODUCT. REMOVE CLOTHING IMMEDIATELY if pesticide gets inside. Then wash thoroughly and put on clean clothing. Wash hands before eating, drinking, chewing gum, tobacco, or using the toilet. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

READ ALL DIRECTIONS PRIOR TO APPLICATION OF THE PRODUCT

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Restrictions

Not for use on turf being grown for sale or other commercial use as sod, or for commercial seed production, or for research purposes.

Do not make more than 3 applications per year for ornamentals. The minimum retreatment interval is seven days.

Watering in is required immediately after application to lawns.

Do not apply more than 4 applications per year to lawns. The minimum retreatment period is seven days.

For the kill of ticks, the maximum allowable application rate is 1.15 lb of product per 1000 sq. ft.

In New York State, this product may not be applied to turf within 100 feet of a coastal marsh or of a water body, lake, pond, river, stream, wetland or drainage ditch. In New York State, do make a single repeat application of this product if there are signs of renewed insect activity, but not sooner than two weeks after the first application.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application. This product may be applied only by broadcast or drop type spreaders. Do not apply by hand, spoon or belly grinder. For outdoor use only.

Apply this product directly to the lawn or garden area. Water treated area as directed on the label. Do not water to the point of run-off.

Do not make applications during rain.

Information

This product kills listed pests on residential lawns, in and around flower beds, ornamental plantings and around the outside of homes.

How to Apply

Apply uniformly over the treatment area with either a broadcast or drop type spreader. Apply only the specified amount in the following table. Calibrate the spreader before use and check periodically to ensure the equipment is working properly. Avoid overlaps that will increase rates above those specified. Do not over or under apply. Failure to follow the Directions for Use and all precautions may result in poor pest kill.

Product must be watered in immediately after application to lawns.

Broadcast spreaders: Apply in a circular path starting on the outside and working toward the center.

Drop spreaders: First, apply 2 border strips along the edge of each end of the lawn. Then apply product along the length of the lawn, and shutting off the spreader before turning as you reach the edge of the border strips.

Important: *It is important to follow the directions as indicated on this quality lawn care product. Measure the size of the area to be treated and do not over or under apply. Spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied, and roughness of area treated. Calibrate spreader prior to use according to the manufacturer's directions. Check frequently to be sure equipment is working properly and distributing uniformly. Close spreader when filling, stopping or turning. Do not over or under apply. Fill spreader over a hard surface. Promptly clean-up any spills.*

Note: following will be a list of application spreaders and appropriate settings. This list will vary dependent on market of spreaders. (this note will not appear on final printed label.)

Spreader	1.5 lbs./1,000 sq. ft.	2.0 lbs./1,000 sq. ft.	4.0 lbs./1,000 sq. ft.	8.0 lbs./1,000 sq. ft.
aa	XX	XX	XX	XX
bb	XX	XX	XX	XX
cc	XX	XX	XX	XX

Recent research has shown that well-maintained turf is an effective environmental buffer that prevents pollutants from entering our natural water bodies. To help protect these natural resources, do not apply product to sidewalks, driveways, roadways, and other impervious surfaces which are adjacent to storm drains. Sweep any misplaced product back onto the area you are treating immediately after application, since storm drains often empty directly to nearby waterways.

When to Apply

Due to pest activity differences, consult your local cooperative extension service for guidance on timing of application. To find your local extension agent, visit www.csrees.usda.gov.

Surface pests: Treat when pests or damage first appear.

Subsurface pests: To effectively kill subsurface pests, apply when the insects are actively feeding near the soil surface. Contact local agricultural agents for timing of application in your area.

How Much to Apply

Pest	Pounds of Product per 1,000 sq ft.	Comments
Ants (except harvester, pharaoh and carpenter ants), Armyworms, Centipedes, Chiggers, Chinch Bugs, Cutworms, Earwigs, Essex Skipper, European Chafer, Fall Armyworm, Fiery Skipper, Grasshoppers, Green June Beetle Larvae, Leafhoppers, Lucerene Moth, Millipedes, Mosquitoes (young adults), Scarab Beetle Adults: such as May Beetle, June Beetle, Japanese Beetle, Green June Beetle, Sod Webworm (lawn moths), Sowbugs, Spittlebugs, Springtails, Yellowstriped Armyworms	2.25	Product must be watered in immediately following application. For heavy infestations of Chinch bugs, increase rate to 5 lbs. per 1,000 sq. ft. and treat the entire area. To effectively kill subsurface pests, apply when insects are actively feeding near the soil surface, usually during late March through May, or July through early September, or as guided by local agricultural extension service agents.
Billbug Larvae, European Crane Fly Larvae, Fleas, White Grubs: Such as Japanese Beetle Larvae, Chafer Beetle Larvae, Phyllophaga spp. Larvae, Annual White Grubs, Black Turfgrass Ataenius Beetle Larvae, Hyperodoes Weevil (Bluegrass Weevil Larvae)	2.4	
Scorpions	1.7	
Fleas	1.7 – 2.4	
Ticks	1.15	

Will only kill pests present at the time of application. Pest must be directly contacted in order to be effective.

PEST KILL IN AND AROUND FLOWER BEDS AND ORNAMENTAL PLANTINGS AND AROUND OUTSIDE OF HOMES

Kills Ants (except harvester, pharaoh and carpenter ants), Armyworms, Centipedes, Crickets, Cutworms, Earwigs, Firebrats, Silverfish, Fleas, Millipedes, Sowbugs: Apply granules uniformly in a 6 foot band around the building at the rate of 2-4 lbs. per 1,000 square feet to shrub and flower beds, foundations, ornamental plantings, and lawn or soil areas immediately adjacent to the building. Treated area must be watered in immediately after application. Repeat treatments as needed up to 3 times per year, but no more than once every seven days. Will only kill pests present at the time of application. Contact as many pests as possible.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Keep out of reach of children and animals. Store in original container only. Store in cool, dry place and avoid excess heat.

CONTAINER HANDLING:

If empty: Nonrefillable container. Do not reuse or refill this container. Offer for recycling, if available.

PESTICIDE DISPOSAL

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

IMPORTANT: READ BEFORE USE:

Read the entire Directions for Use and the Warranty Disclaimer and Limitation of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or Buyer accepts the following Warranty Disclaimer and Limitation of Liability:

WARRANTY DISCLAIMER and LIMITATION of LIABILITY:

Manufacturer warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated on the label when used in strict accordance with the directions. Manufacturer makes NO OTHER EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
